Overview

This feature allows you to delete a locale.

Note:
You **cannot** remove the locales that come with cPanel & WHM.

Delete a locale

To delete a locale, perform the following steps:

1. Select a locale from the *Locale* menu.
2. Select a theme from the *Theme* menu.
3. Click *Delete*.
4. Click *Yes* to confirm that you wish to delete the locale.

Note:
If you find that a locale is not present, click *rebuild the locale databases* at the bottom of the interface to update the system.
