

# Manage Authorized Logo

([Dashboard](#) >> [Company](#) >> [Manage Authorized Logo](#))

## Overview

The *Manage Authorized Logo* interface provides access to your *cPanel Authorized Partner* logo and a link to your entry in our *Partners* directory.

## Authorized logo

You can use any of the *cPanel Authorized Partner* logos on your website. Logos are available with or without your company name, in *Large*, *Medium*, and *Small* sizes.

To download an image, right-click or Control-click the image and use your browser's context menu to save the image to your computer.

## Partner Page URL

Use the *Partner Page URL* link to view your public entry in our Hosting Partner Directory website.
