Overview

This interface allows you to delete a locale.

Note:

You **cannot** remove the locales that come with cPanel & WHM.

Delete a locale

To delete a locale, perform the following steps:

1. Select a locale from the *Locale* menu.
2. Click *Delete*.
3. Click *Yes* to confirm that you wish to delete the locale.

Note:

To update the system's list of locales, click *rebuild the locale databases* at the bottom of the interface.
